Positively no Goods "Charged." Cash is our only Battle-cry.

We are not literally "giving goods away," but, so far as profits are concerned, we practically are, and will continue to do so, until our stock is reduced to the lowest possible point; for we intend remodeling our business on the 1st of January, 1874. Come and get real bargains.

Our country is passing through a very severe money panic, which is trying the strongest houses in New York; therefore, it is our intention to square the main brace, shorten sail, and steer clear of the breakers ahead. We intend making a CLEAN SWEEP of our stock, pay our debts, and, like Macawber, rest on our oars, and wait patiently for something to turn up. To carry out these our good intentions, we will offer the good folks of Lafayette and Ray counties EXTRAORDINARY BARGAINS IN DRY GOODS. When we come before the public with such advertisements, we mean business, and the people know that we have always heretofore come up to all expectations, carrying out the spirit of our advertisements to the letter. Come, see, and be satisfied that this is no "buncomb" notice, but a fact, as the goods and prices speak for themselves.

WE EXPECT TO LOSE MONEY IN CLOSING OUT OUR PRESENT LARGE STOCK, but in the end will make it pay. What is our loss, is your gain; and now is the time to buy. First come, first served, as well as getting the cream of our dress goods stock to select from, a good portion of which are new goods, bought since the great panic in New York. Come and get the worth of your greenbacks, and we do not hesitate to say that none will go away dissatisfied. We will keep open on Saturday nights, until eight o'clock, to accommodate those who cannot come during the day. Accept our thanks for your liberal patronage in the past sixteen years we have lived in you midst, and hope to merit a continuance of the same by fair dealing and low prices.

Mrs. JENNIE MARTIN, Dress Maker, up stairs over our store, makes a specialty of Cutting and Fitting at living rates. Try her.
